# Management Discussion and Analysis

FY 2015 Budget

---

***“Will you take our picture? This is one of the nicest things we’ve ever seen in Henry County.”***

---

On Sunday, February 23, about 30 minutes before the Philpott Marina Open House was supposed to begin, a man and woman stopped at the top of the gangway leading from shore to the marina. Surrounding them and ahead of them were dozens of folks who couldn’t wait until the official time of 2 p.m. to see what they’d come to see.

The woman turned to a County staff person walking behind her and, with a smile as wide as the lake itself, asked that question highlighted above.

That County staffer quickly complied, snapping a picture of that couple, with this shiny new facility behind them and endless possibilities ahead of them. The moment captured not just two happy visitors; it captured two folks who were **PROUD** of where they were.

For your administrative team, no moment of the past 12 months captured where we are and where we are going more than this one.

The cover to this year’s Management Discussion and Analysis shows that shimmering new marina facility. It also shows what we can be, and plan to be, going forward. Henry County is nothing if not resilient; we have more experience than we really wanted in overcoming adversity, stretching a dollar into two, and figuratively slapping spit-and-a-promise on our facilities and outlook for the past several years.

However, as the couple referenced above, and the other 300 or so other folks who showed up that day at Philpott Lake understood, it is time to celebrate our successes and build on them. We need to show our pride.

Great things happened in the past 12 months, and we will review them later in this document. Staff feels that great things are going to happen in the next 12 months. With Commonwealth Crossing moving forward, New College Institute and Patrick Henry Community College teaming up to provide unparalleled workforce training for current and future clients, the potential for a medical school in Uptown, the National Guard plan to advance offerings in the Patriot Centre, the strengthening foothold of advanced manufacturing represented by Eastman and Kilgour, and the real possibility of significant economic news on the horizon, we are poised to have a lot more of which to be proud.

This isn’t to say that we are loaded with money and nowhere to spend it. We find ourselves in the position of spending money on economic development and sites because the market is turning, but not in a

position to yet realize the fruits (i.e. tax revenue) from those investments.

That crossroads means this FY '15 Budget is an incredibly difficult one to complete. We are leaving many needs on the table for each of the Board's pillars – economic development, education, and law enforcement/public safety. We easily could have recommended legitimate and vital expenditures totaling at least another \$1 million in those core areas and other departments. We simply don't have the money.

At some point in the near future, a discussion must take place about revenue. We have trimmed, cut, slashed, rearranged, delayed, and shrunk our way into a place where we can no longer maintain what we have, much less improve it and grow the community. We have significant capital and operational needs that should be addressed **today** and we aren't addressing them.

Before moving into a retrospective of FY '14, staff wants to recognize the work of one man without whom the Philpott Marina wouldn't be what it is. Jeff Turton worked in our Engineering and Mapping department, and he managed the Philpott project. Unfortunately he didn't get to see it finished. Jeff was diagnosed in November 2013 with leukemia and passed away March 10.

Jeff was a consummate pro who managed projects as if he were spending his own money. While he is no longer with us, we never will forget his quiet nature, his large stature, and his commitment to doing things the right way. Rest in peace Jeff.

### ***FY 2013-14 Highlights***

Everything we do starts and finishes with economic development. It pays the bills for education, law enforcement, quality-of-life amenities, and our citizens' discretionary spending. While we aren't – and never should be – satisfied with our work in this area, the past 12 months were good ones. For instance, here's what's been announced since we presented the FY '14 Budget:

- ❖ Monogram Foods – 100 jobs, \$1.2 million
- ❖ Commonwealth Laminating – 60 jobs, \$5.45 million
- ❖ Eastman – 25 jobs, \$40 million
- ❖ Bassett Furniture – 25 jobs, \$1.5 million
- ❖ Kilgour Industries – 155 jobs, \$27.3 million

These are quality companies that provide excellent opportunities for our citizens. For instance, in a piece of news announced in December that was seriously underplayed in the public arena, Eastman ranked fourth in the “Glassdoor Employees’ Choice Award” recognizing the 50 Best Places to Work in 2014. The rest of the top five were business consulting giant Bain & Company (1) and social media stalwarts Twitter (2), LinkedIn (3), and Facebook (5). That is a lofty perch for a company with local ties.

Staff is excited about the recent announcement of Eastman purchasing Commonwealth Laminating. An Eastman official told one of our staff members that this was a case of “Eastman doubling-down on Henry County. This shows how committed we are to this place.” Whenever a company the stature of Eastman feels that good about Henry County, it bodes well for the future.

As you noticed in that list of announcements, four of the five came from companies already in Henry County. Local expansions are essential because they demonstrate that our current corporate citizens are bullish on this community, and there is more of a “known factor” involved in the process. New companies are essential to change the landscape and get us into new sectors that diversify our economy.

Keep in mind the retail infusion that’s taken place, from new Family Dollar Store and Dollar General Store facilities to the new Tractor Supply in Ridgeway. The Board’s emphasis on retail development, spearheaded by Ms. Buchanan, is paying dividends.

Staff is cautiously optimistic that significant economic development news will be forthcoming soon, particularly with CCBC coming on line and with development in the Patriot Centre. We think the next 12 months will bring us more good news.

Other FY ’14 highlights:

- ❖ Our school system continues to excel. For instance:
  - Rich Acres Elementary was named a 2014 Title I Distinguished School. Only 55 schools in Virginia received this recognition.
  - Magna Vista High School opened the first New Tech School in Virginia, and it has been an overwhelming success.
  - Fifty-one Henry County high school seniors graduated with an Associate’s Degree from PHCC **BEFORE** they graduated from high school.
  - The school system received the Apple Distinguished Program for Innovation, Leadership and Educational Excellence Award for 2013-2015. The school division has the largest digital textbook iPad initiative in the state with over 5,000 iPads utilized by students at all

grade levels. We played host to many school divisions during the year who were curious about what was going on in Henry County and how we were pulling it off.

- Two Henry County professionals were honored by their peers in FY '14. Magna Vista principal Gracie Agnew was named “Outstanding Secondary Principal for Virginia” by the Virginia Association of Secondary School Principals. Bassett High School band director Trey Harris was the Henry County Teacher of the Year for 2013, VMEA Teacher of the Year for 2014, and received the Region VI Teacher of the Year award.
- ❖ The County’s latest shell building is nearing completion. We originally targeted March as the completion date but our harsh winter delayed construction. The \$3.5 million building will allow the EDC to market another state-of-the-art building in the Patriot Centre and we are hopeful it will prove as valuable as the last two shells. They are occupied by RTI International and Commonwealth Laminating.
- ❖ We finalized a Memorandum of Understanding with the National Guard to perform grading and road work for us in the Patriot Centre. That work is scheduled to begin around June 1. This is the quintessential win-win scenario – the County will save hundreds of thousands of dollars on site preparation, while the National Guard gets experience in the field of site prep and road construction.
- ❖ The creation of the Emergency Services Advisory Council (ESAC) enabled us to form a coalition among our Public Safety department and the volunteer fire and rescue squads to an unprecedented level. This cooperation allows us to address operational needs and to concentrate on the most important thing – delivery of services to our citizens.
- ❖ Our Public Safety folks, led by Rodney Howell, worked hard to secure a SAFER grant of \$1.3 million that allowed us to put 13 more paid professionals to work. Public Safety also was instrumental in the resurrection of the Fire and EMS classes in our school system, along with a dual enrollment piece with Patrick Henry Community College.
- ❖ The County secured grant funding to purchase mobile computers for every ambulance in the County, including all paid and volunteer units. This modernizes patient records management and enhances quality control.
- ❖ Our Parks and Recreation department was busy, and not just with the marina/campground construction and staffing. Under the direction of Roger Adams, the department was a key player

in the ever-increasing network of trails and the success of the Smith River Fest in August. Roger's department has continued to do more with less – since he came to Henry County, the number of sites under his direction has increased from 8 to 26, with no increase in staffing. We hope to address that in FY '15, which will be outlined later in this document.

- ❖ Through last year's capital improvement plan we were able to establish a new playground area in Fieldale and upgrade our tennis courts at Jaycee Park. Both sites are seeing increased use.
- ❖ The Smith River Sports Complex continues to bring visitors, and money, to our community. The SRSC released a study that showed its economic impact at nearly \$5 million. The Complex had its best and busiest year yet, and FY '15 has the potential to be even better. Its absorption of the Piedmont Youth Soccer League (PYSL) is a perfect marriage between eager and interested citizens and professional recreation experts. Staff hides a smile when someone decrees that the marina won't succeed; we merely remember some folks said the same thing about the Sports Complex and our trails system.
- ❖ In October 2013 we submitted an application to the Commonwealth Transportation Board for additional funding to extend the Dick and Willie Passage. The funding would enable us to take another step toward the ultimate goal of connecting the Dick and Willie to the Smith River Sports Complex. Unfortunately the CTB's list of requests was significantly bigger than its pot of money and our project was not recommended for funding this time. Staff will continue to fine-tune our request in concert with William Fralin, the Salem District representative on the CTB.
- ❖ The South Street Housing Rehabilitation Project was completed and Phase II, now known as the Linden Road Rehabilitation Project, is under way. Lee Clark, Mary Ann Mason, Patricia Foley, and the entire staff in Mr. Clark's office should feel good about the direct and measurable impact they are having on the lives of others.
- ❖ Our Information Services staff, under the direction of Christian Youngblood, smoothly transitioned our accounting and financial software package back in-house, which resulted in cost reductions in operations.
- ❖ Our Information Services staff also created free public wi-fi spots in the Administration Building, the Courthouse and the Public Safety complex, and worked with Deputy County Administrator Dale Wagoner to update the County's website.

- ❖ We assisted Sunnyside/Kings Grant as it refinanced bonds for capital improvement projects throughout its system, including the facility here.
- ❖ We worked with Gateway Streetscape and the Harvest Foundation to unveil our first “Sponsor Garden” just south of the Martinsville hydroelectric plant. We talk a lot about efforts to beautify our community, and this first Sponsor Garden is a great example of what can be accomplished.
- ❖ Our partnership with NCI and PHCC also is a perfect example of what can be accomplished with good teammates. We constantly work with these two entities on job training and economic development, as well as other issues. Senator William Wampler and his staff at NCI, and Dr. Angeline Godwin and her staff at PHCC, are wonderful friends and partners with Henry County and our resurgence as a community would not be happening without them. We look forward to the opening of the new NCI facility in Uptown Martinsville later this year; it will represent, both literally and figuratively, a new beginning for this community.
- ❖ Staff is excited about the progress surrounding Dr. Noel Boaz’s effort to bring a medical school to Martinsville-Henry County. Anyone who doubts this possibility should visit the Virginia Museum of Natural History to see Dr. Boaz’s ability to make things happen.
- ❖ We are in the process of completing upgrades at the Stoney Mountain convenience center site that will allow us to staff it. This will complete staffing needs at our convenience centers.
- ❖ We accomplished all of this while increasing our fund balance and keeping our taxes low. Staff truthfully was shocked when we began researching “tax burdens” in Virginia localities for your annual Planning Session. As we showed you that night, Henry County is third in the Commonwealth in smallest tax burden on citizens. The only localities with lower ratios are Lee and Nottoway counties.

## **Proposed FY 2014-15 County Budget**

As we wait for the Virginia General Assembly and the Governor’s Office to provide us with a state budget, fully aware that this political football game called Medicaid may stretch on for some time, staff has crafted a proposed budget based on our best estimates. We will be poised to make changes as we must, which may require budget alterations that would be brought to the Board for approval.

**The proposed FY 2014-15 Henry County Budget totals \$117,238,114, which is 1.4% higher than last year's proposed budget of \$115,656,057.** Of this amount, \$73,119,097 is the school budget. This is an increase of \$1,745,497, or 2.6% higher than last year's school budget.

Staff is recommending a local contribution to the school system of \$16,652,895, an increase of \$75,000 over last year's local allocation but less than the requested increase of \$476,847. In his budget presentation to the School Board on March 20, Dr. Jared Cotton identified \$187,930 in extra funds needed for increases associated with VRS adjustments and salaries for resource officers, etc. That number was part of the overall request.

As discussed above, staff is recommending an increase of \$75,000 to help cover those costs. If the Board of Supervisors wishes to cover the remaining \$112,930 of that amount, we suggest that the Board take it from another budget recipient rather than out of reserves; funding operations out of reserves is generally considered to be bad policy.

It also is important to point out that FY '15 is the first of a new two-year adjustment in the state's Composite Index, which measures a locality's ability to pay for its educational system. Henry County's Composite Index will change from .243 to .2407, which means the state has determined that Henry County is ***less able*** to pay for its school needs than it was the past two years. That Composite Index adjustment should provide an additional \$113,000 in state funds to the school system for FY '15 and FY '16.

There will be one significant operational change in FY '15, and it involves our employee health insurance plan, which we pay 100% for the single-subscriber. We know that our health care costs in FY '15 will rise 8% if we remain with our current coverage with Anthem. We also know that we need to get our arms around how to manage those increases.

Therefore staff began meeting with the school system administration, including Superintendent Dr. Jared Cotton and Chief Financial Officer Dawn Lawson, to consider becoming self-insured. Essentially that would mean that the school system and all the tag-along entities on the health insurance plan, including Henry County, would assume direct responsibility for providing benefits to employees while also managing assets of the plan.

By doing so, we can avoid paying an insurance company the percentage of the profits it would expect and instead hold onto that percentage ourselves. We would contract with Anthem to handle medical claims,

which would alleviate our staff of that responsibility and use some of that “profit,” but we still believe the cost-benefit would be in our favor.

Another advantage of self-insurance is the avoidance of fees associated with the Affordable Care Act. Of the 8% insurance premium increase cited for next year, 3.2% of that amount, or approximately \$350,000, of that amount is directly related to fees associated with ACA.

There is some risk involved in being self-insured, particularly the need to have a “cushion” of money we could draw upon if and when claims exceed the premiums budgeted. If that scenario plays out, we may have to ask the Board to tap into its reserves for that cushion. However, our self-insurance program would include a “stop loss” number that would mitigate our exposure in this area.

We discussed this concept at length with Beth Maiden, an Employee Benefits Consultant with BB&T Insurance Services, and she has guided us through the process. It is her advice that this is a step worth taking.

Since we haven’t figured out how to look into the future yet, the best way to measure future impacts is through historical data. Ms. Maiden collaborated with Darrell Jones to look all the way back to calendar year 2008 and measure whether we would have saved money if we’d been self insured since then. Their estimate of savings exceeded \$3 million in that period, had we been self-insured.

Staff adamantly believes that if this change ultimately saves us money in a particular year, the savings should be shared with the entities involved on a per-employee basis to assist with their bottom lines.

If, after a suitable period, this move to self-insurance proves to be a mistake, we always have the option of going back to the way things are now.

It also should be noted that employees covered under the plan will see **NO CHANGES** in coverage, response time, or anything else. The plan will be the same – we just hope to save some money going forward by changing the administration of it.

Unfortunately, employees also will see no real change in their compensation. We are not recommending a pay raise for employees, other than the obligatory 1% bump for VRS (in the third year of a five-year phase-in). As you know, this “raise” actually will result in less take-home pay. Our folks deserve better than that. We are hopeful that perhaps we could consider a one-time stipend for employees before the end of the calendar year, but that recommendation would depend on how FY ’15 looks at that point.

One recommended change that we want to implement in FY ’15 is the ending of our annual County Auction of surplus material. In discussions with Carole Jones, our Purchasing Agent, it is readily apparent

that the process of having an annual, in-person auction is no longer an efficient use of staff time or the best way to maximize revenue.

Instead, we would like to move toward online auctions through [www.govdeals.com](http://www.govdeals.com) which we already use on a limited basis. Most surrounding localities already make significant use of the website. As Ms. Jones wrote in a memo:

*“In my opinion, the time and manpower involved in having onsite auctions is not cost effective. With online auctions, the potential of reaching more competitive bidders will result in additional revenue for the County with less cost. Henry County citizens would continue to have the opportunity to place bids on the items we list on [govdeals.com](http://govdeals.com) as well as the items listed by localities across the state of Virginia and the country.”*

### **Other FY '15 Highlights**

- ❖ We are projecting a 3.3% increase in property tax revenue, or about \$738,000, but a reduction of 2.6%, or about \$100,000, in sales tax revenue.
- ❖ We project an increase in utility tax revenue of 3.3%, or \$84,000, but a 1.1% reduction in decal sales, or about \$10,000.
- ❖ We expect a 6% increase in transient occupancy, i.e., hotel tax, and a 1.2% increase in food and beverage tax, or about a combined \$28,000. Staff thinks these increases are primarily because of the increased emphasis on tourism. EDC research shows that hotel occupancy is up 2.3% and local tourism spending is up 3.9% in the County over the previous 12 months.
- ❖ Building permit revenue is down 15.4%.
- ❖ Collections from County fines are down 15%.
- ❖ Courthouse maintenance fees are down 2.6% and courthouse security fees are up 1.5%. These are fees collected from convictions and sentencing in circuit and general district courts.
- ❖ Revenue from the rental of county property (cell towers, Social Services, etc.) is up 1.6%.
- ❖ Recycling revenue is up 7.7%, which indicates more citizens are becoming educated on what can be brought to our Convenience Centers.
- ❖ We budgeted no money in revenue from Colonial Downs because of the uncertainty of its reopening. Last year we budgeted \$27,000.
- ❖ The Martinsville-Henry County EDC is recommended for level funding of \$460,500. At every economic announcement this year we heard company and state representatives tell us how

lucky we are to have the EDC and the folks who work there. Staff is hopeful that a lot of folks heard that message and understood that our EDC is among the best in the Commonwealth.

- ❖ FY '15 will be the third year of the five-year phase-in of employees contributing 1% toward their Virginia Retirement System accounts. That's why most cost centers reflect a slight increase in salary line items.
- ❖ Per the recommendation of the Emergency Services Advisory Council, the \$95,000 traditionally issued to a rescue squad each year now will be allocated on an as-needed basis as a grant to a squad when the need arises for a new ambulance. This change is the primary reason that the Other Fire and Rescue cost center is down 9.2%.
- ❖ Electrical rates are going up again, which will drive expenditures in those line items scattered in the cost centers. This seems to be an annual event, and there appears to be no recourse in addressing those increases. We have done a good job with our energy conservation efforts, but everything we do is dwarfed by rate increases.
- ❖ We once again have set aside \$50,000 in case fuel prices go haywire.
- ❖ The advertising line item under Human Resources is up because of the increased costs in advertising job openings, particularly when regional advertising is required.
- ❖ School resource officer cost center is down 44.6% over last year, when we included funding for three officers and the decision then was made by school division not to pursue the hires.
- ❖ The EMS Supplemental Services cost center is up to reflect additional personnel costs.
- ❖ The Sheriff's Correction and Detention cost center is up considerably, primarily because of the rise in the number of inmates and the associated costs (meals, medicine, etc.) that accompanies them.
- ❖ Many of the sheriff's cost centers will be up because of a 5% increase in fees associated with sending our employees to the Piedmont Regional Training Facility.
- ❖ Three positions in the Sheriff's Office centers originally funded by grants are now part of the County's obligation. Last year we paid for them out of carryover money but this year those positions are fully integrated into the cost centers.
- ❖ Refuse Collection Sites cost center is up to reflect additional costs associated with manning our final site at Stoney Mountain.

- ❖ To avert a 25% increase in maintenance communications sites, which includes the emergency radio system used by first responders, much of the work will be brought in house. As a result, the Communication Equipment Maintenance cost center is up 14.6% to cover equipment upgrades and to allow our radio technician to take his County vehicle home with him. This will allow him to respond in a timely manner to any issues with the radio system.
- ❖ Maintenance on the Patriot Centre Fire Station building is up because that building will serve as the base of operations for part of our SAFER Grant initiative.
- ❖ Maintenance on the Summerlin Station on Hooker Street is down 12.7% as we have gotten a better grip on actual costs there and some energy efficiencies were realized as a result of upgrades to the HVAC system in FY '13.
- ❖ The “Other Social Services” cost center is up 16.9% to reflect the addition of the Dental Clinic as a recommended outside agency. This recommendation is explained in detail later in this document.
- ❖ Our Parks and Recreation cost center is up to reflect the addition of a maintenance worker. Under Roger Adams’ direction we have gone from eight sites to maintain to 26 sites to maintain, and until now we were doing it with the same number of employees. We also bumped his existing facilities line item to allow for more materials toward upkeep.
- ❖ The Virginia Cooperative Extension line item is up 12% to reflect an increase in costs from Virginia Tech. Staff placed this in the budget contingent on the City of Martinsville also increasing its contribution 12%.
- ❖ The Employee Benefits cost center is up 45.3% because it contains \$30,000 of Other Post-Employment Benefits (OPEB) as required by standard accounting regulations. That expenditure was covered for FY '14 out of money that remained from the FY '13 budget.
- ❖ While it has no specific impact on our budget, some of our citizens will be affected by the City of Martinsville’s decision to outsource its Section 8 housing program to the City of Danville. Our Section 8 program currently is run by the City of Martinsville, which means County residents in the program will have their cases shifted to Danville.

### ***Current-Year Budget Action Requested***

For the past several years we've used current-year money to "buy down" our capital wish list for the next year. We were able to do that because of leftover money primarily in the Industrial Development cost center, which was indicative of less-than-robust economic news and the corresponding lack of need for that money. However, we do not have that option this year because our recent economic activity and the pending National Guard project in the Patriot Centre will deplete that account.

However, our needs are as acute as ever. One of the most pressing items is the roof of the Administration Building, which leaks like a busted hose. It isn't unusual to see a brigade of buckets on all four floors after a heavy rain, and this year's excessive snow and ice have really had their way. We've had damage on all four floors at some point this winter.

This will be a large expenditure, and the FY '15 Capital Budget just doesn't have room for it. Therefore staff is recommending that we take \$300,000 out of our fund balance, combine it with \$75,000 budgeted in operations, and put that money toward a new roof. This really is the quickest and best way to address a problem that we've put off for too long and is getting worse by the minute.

We also are recommending that current year budget funds be used to purchase two vehicles – a replacement vehicle for Building Inspection (\$24,000) and a replacement vehicle for Parks and Recreation (\$27,000). The Building Inspection vehicle being replaced is a 2007 Ford Explorer with more than 175,000 miles while the P&R vehicle being replaced is a 2001 half-ton Chevrolet with 150,000 miles on it.

The school system asked February 25 to retain \$784,386 in carry-over funds from the FY 2013 budget. Dr. Cotton indicated that the School Board would use the funds for HVAC/lighting upgrades at Bassett High School and to implement phase 2 of the Magna Vista new tech center project.

At the time of the request County staff asked the Board to delay action until we could get deeper into the budget preparation. While we are stretched thin, staff believes it is important the School Board be allowed to keep the carryover for these two vital facility upgrades. Staff would recommend the Board of Supervisors be prepared to act on these current-year items at its Budget Work Session on Thursday, April 3, because the facility improvements need to begin as soon as possible.

### ***Capital Improvement Program***

Our recommended capital items for FY '15 include:

- ❖ Eight replacement vehicles for the Sheriff's Office (\$272,000)

- ❖ A replacement refuse collection truck, replacing a 1997 model with 950,000 miles (\$190,000)
- ❖ The annual contribution for a fire truck (\$175,000), which ESAC and the Firefighter's Association recommend allocating to the Bassett Volunteer Fire Department
- ❖ Replacement of the group campground bathroom at Philpott Lake (\$80,000)
- ❖ Updated software for the Assessor's Office (\$73,334)
- ❖ Replacement of the County's core network switch and other upgrades for the Information Systems Department (\$50,235)
- ❖ Additional in-car computer terminals for the Sheriff's Office (\$45,000)
- ❖ Additional in-car video systems for the Sheriff's Office (\$20,000)
- ❖ Replacement athletic field fencing for Parks and Recreation (\$20,000)

### **Outside Agencies**

Many of our partners asked for increased funding for FY '15. Staff has no doubt that many of these entities deserve what they've requested; however, our budget restraints don't allow for an increase for all entities that requested one.

However, staff is recommending the addition of a new outside agency – the Piedmont Virginia Dental Health Foundation, otherwise known as “The Dental Clinic” on Fayette Street.

Dr. Mark Crabtree has spearheaded this entity since it opened in 2006. The clinic has provided more than \$5 million in services to the community with more than 22,550 patient visits, mostly from the sector of our community that can least afford to pay for services. The Clinic reduced operating hours late last year because of declining revenue; the Clinic covers 44 percent of its operating expenses from fees and reimbursements, but the remaining 56 percent must come from outside sources.

The entity requested funding of \$3 per County resident, which is beyond our means. However, dividing the 22,550 people served over the past seven years is roughly 3,221 people per year: a \$3 contribution for each of those clients equals \$9,664, which is our recommended funding level.

Given our budgetary issues, staff knows that it is difficult to add a new agency without considering where that money will come from; we often advise the Board of Supervisors that if something is added to the budget, something must come out.

Therefore staff is recommending that we discontinue funding for “The Launch Place,” formerly known as the Southside Business Technology Center. Henry County has contributed \$4,513 annually to this entity

for several years, dating back to when its primary location was in Martinsville. The Launch Place's primary location is now in Danville.

The Launch Place provides a quality product for its clients; however, the entity indicated in its request this year that it would provide "... an estimated 3 in-house business consulting projects..." to Henry County clients in FY 2015. Staff feels confident that there are sufficient resources within Martinsville-Henry County to address those entities or others that need similar business guidance.

In addition, the Launch Place recently received a \$10 million grant from the Danville Regional Foundation, which should make the loss of Henry County's funding more palatable.

Two other outside agencies – the Blue Ridge Regional Library and the SPCA - would appear, at least on the surface, to be receiving more funding than last year. However, these two agencies received additional funding from the Board near the end of FY '13 when the Board dispensed the remainder of its contingency funds. Staff is using these agencies' final amounts - \$711,264 for the library and \$11,667 for the SPCA – as their baseline amounts this year.

Staff also is recommending that we leave in place the \$9,025 allocation for the West Piedmont Business Development Center, even though that entity technically no longer exists. The Martinsville-Henry County Chamber of Commerce has expressed interest in absorbing the operations of the WPBDC and staff would like to have that funding available for the Chamber's use should it decide to do so.

Staff also would like to remind everyone that the Board's contingency fund is exhausted for FY '14 based on the allocations made at its February meeting. That means any outside agency requesting additional money from the Board's contingency fund this budget cycle would be attempting to drink from an empty cup.

### ***Board of Supervisors' Priorities***

Every budget should have measurables; staff works hard to ensure that the Board's priorities are reflected in and provide measurable outcomes for anything placed in our Proposed Budget.

As discussed by the Board at the Planning Session in February, and approved at the Board's regular meeting later that month, the Board's priorities for FY '15 are listed below.

- ❖ Economic Development
  - Begin grading at Commonwealth Crossing Business Centre

- Support the EDC, including efforts of industry recruitment, retail recruitment, and tourism.
- Support I-73 and completion of U.S. 58 to I-77
- Further develop infrastructure at Patriot Centre and CCBC
- ❖ Education
  - Support NCI & PHCC and continue collaboration on industrial recruitment and workforce readiness efforts
  - Develop a path forward to address school facility needs in Collinsville
  - Support pre-K-12th grade education
- ❖ Public Safety
  - Improve recruitment and retention of fire and EMS volunteers
  - Deploy SAFER grant and improve overall response to fire and EMS calls
  - Explore ways to improve jail facility
- ❖ Quality of Life
  - Support recreational activities including expansion of walking trails
  - Improve curb appeal
  - Decrease litter
  - Support recreational tourism (SRSC, Smith River Fest, etc).
  - Mitigate possible deterioration of employee benefits

Nearly all of these priorities are addressed in some fashion in this budget. Two items that aren't addressed are the school facility needs in Collinsville and the need for a new jail. Each of these items will be extremely costly and will not be addressed in an impactful way without significant financial commitments by the Board.

As staff mentioned at the Planning Session, the school system must drive the bus on the school facility issue. At some point, if the school system brings a plan to the Board of Supervisors, it becomes our issue. Discussions of a new jail have been sparse, but the need hasn't lessened.

### ***On the Horizon***

Reversion should never be far from our thoughts. The City of Martinsville appears to have put it on the back burner for now, but even the slightest shift in its thinking could bring that issue back to the surface

quickly. As the Board knows, reversion as currently allowed could impact Henry County into the millions of dollars if immediate needs and the potential for annexation are considered.

As mentioned in the section above, the Collinsville school issue and the jail issue may require attention from the Board in FY '15 or soon thereafter. The Board also should be aware that we may need to free up money during the year for improvements to Barrows Mill Road; working toward a redundant power supply for Commonwealth Crossing; and consideration of a second water supply connection for Southern Henry County.

As part of this presentation and as part of your Planning Session we included information that showed how low our tax burden per capita is. As you may recall we are third in the Commonwealth, trailing only Lee County and Nottoway County, in the tax burden per resident.

This is good news and not-so-good news; it shows that we do a lot with what we have; it also shows that we could increase our tax burden slightly, still be well below our neighbors in the region and Commonwealth, and reap significant new revenue. If essential services like the school system, public safety, and economic development are to receive any significant increase in County resources, ***it will be necessary to increase revenue.*** We have squeezed the turnip as hard as we can.

This budget season alone the following localities in the region have discussed or are including adjustments in either real estate or personal property, or both – Amherst County, Appomattox County, Bedford County; Franklin County, Montgomery County, and Pittsylvania County. The City of Martinsville is implementing an increase in its power rates to recoup expenses from our harsh winter and to drive revenue.

We will need new revenue to address a potential school construction and a potential jail construction. We also will need it to address our ever-increasing list of capital items that we continue to push out to the next year. At some point, payments will be due on these items. Staff urges the Board to consider its path forward on revenue enhancement, with an eye toward addressing it in FY 2016.

**HENRY COUNTY  
CONTEMPLATED BUDGET  
FOR YEAR ENDING JUNE 30, 2015**

In compliance with Section 15.2-2503 of the 1950 Code of Virginia, as amended, the following budget synopsis is prepared and published for information and fiscal planning purposes only. The inclusion of any item in the budget does not constitute an obligation or commitment on the part of the Board of Supervisors to appropriate funds for the item or purpose. The budget has been prepared by the County Administrator based on estimates and requests to the Board of Supervisors from various agencies and County departments. Final approval and release of funds for any item is the responsibility of the Board of Supervisors.

Pursuant to Section 15.2-2506 of the 1950 Code of Virginia, as amended, a public hearing will be held by the Board of Supervisors on the total County budget to receive citizen comments and suggestions on Monday, April 14, 2014, at 7:00 P.M. in the Board Meeting Room of the Henry County Administration Building on King's Mountain Road in Collinsville, Virginia. All citizens are invited to attend and offer any comments or suggestions. The Board of Supervisors will consider any public input received prior to taking final action on the budget.

Copies of the proposed budget are on file in the office of the County Administrator, King's Mountain Road, Collinsville, Virginia, on the Henry County website, [www.henrycountyva.gov](http://www.henrycountyva.gov), and at Blue Ridge Regional Library in Martinsville, Bassett, Collinsville, and Ridgeway.

**Strategy 6: Family and Community Engagement**

## **CODE OF VIRGINIA**

§ 22.1-92. Estimate of moneys needed for public schools;

It shall be the duty of each division superintendent to prepare, with the approval of the school board, and submit to the governing body or bodies appropriating funds for the school division...the estimate of the amount of money deemed to be needed during the next fiscal year for the support of the public schools...

## Code of Virginia

### § 22.1-79. Powers and duties.

A school board shall:

1. See that the school laws are properly explained, enforced and observed;
2. Secure, by visitation or otherwise, as full information as possible about the conduct of the public schools in the school division and take care that they are conducted according to law and with the utmost efficiency;
3. Care for, manage and control the property of the school division and provide for the erecting, furnishing, equipping, and noninstructional operating of necessary school buildings and appurtenances and the maintenance thereof by purchase, lease, or other contracts;
4. Provide for the consolidation of schools or redistricting of school boundaries or adopt pupil assignment plans whenever such procedure will contribute to the efficiency of the school division;
5. Insofar as not inconsistent with state statutes and regulations of the Board of Education, operate and maintain the public schools in the school division and determine the length of the school term, the studies to be pursued, the methods of teaching and the government to be employed in the schools;
6. In instances in which no grievance procedure has been adopted prior to January 1, 1991, establish and administer by July 1, 1992, a grievance procedure for all school board employees, except the division superintendent and those employees covered under the provisions of Article 2 (§ [22.1-293](#) et seq.) and Article 3 (§ [22.1-306](#) et seq.) of Chapter 15 of this title, who have completed such probationary period as may be required by the school board, not to exceed 18 months. The grievance procedure shall afford a timely and fair method of the resolution of disputes arising between the school board and such employees regarding dismissal or other disciplinary actions, excluding suspensions, and shall be consistent with the provisions of the Board of Education's procedures for adjusting grievances. Except in the case of dismissal, suspension, or other disciplinary action, the grievance procedure prescribed by the Board of Education pursuant to § [22.1-308](#) shall apply to all full-time employees of a school board, except supervisory employees;

7. Perform such other duties as shall be prescribed by the Board of Education or as are imposed by law;
8. Obtain public comment through a public hearing not less than 10 days after reasonable notice to the public in a newspaper of general circulation in the school division prior to providing (i) for the consolidation of schools; (ii) the transfer from the public school system of the administration of all instructional services for any public school classroom or all noninstructional services in the school division pursuant to a contract with any private entity or organization; or (iii) in school divisions having 15,000 pupils or more in average daily membership, for redistricting of school boundaries or adopting any pupil assignment plan affecting the assignment of 15 percent or more of the pupils in average daily membership in the affected school. Such public hearing may be held at the same time and place as the meeting of the school board at which the proposed action is taken if the public hearing is held before the action is taken. If a public hearing has been held prior to the effective date of this provision on a proposed consolidation, redistricting or pupil assignment plan which is to be implemented after the effective date of this provision, an additional public hearing shall not be required;
9. (Expires July 1, 2015) At least annually, survey the school division to identify critical shortages of teachers and administrative personnel by subject matter, and report such critical shortages to the Superintendent of Public Instruction and to the Virginia Retirement System; however, the school board may request the division superintendent to conduct such survey and submit such report to the school board, the Superintendent, and the Virginia Retirement System; and
10. Ensure that the public schools within the school division are registered with the Department of State Police to receive from the State Police electronic notice of the registration or reregistration of any sex offender within that school division pursuant to § [9.1-914](#).

(Code 1950, §§ 22-72, 22-97; 1954, cc. 289, 291; 1956, Ex. Sess., c. 60; 1959, Ex. Sess., c. 79, § 1; 1966, c. 691; 1968, c. 501; 1970, c. 71; 1971, Ex. # FY2015 Budget Priorities

## **Strategy 1:** High Quality Instruction

- Evaluate instructional initiatives and align funding to deliver a rigorous, relevant curriculum for all students
- Provide each student with a personalized learning environment that encompasses college and career readiness goals and supports critical thinking, innovation, creativity, collaboration and communication

## **Strategy 2:** High Quality Professionals

- Maintain competitive salaries and benefits to ensure our ability to recruit and retain a highly qualified workforce

## **Strategy 3:** Safe and Orderly Schools

- Provide a safe, healthy, and inviting learning environment for students, staff and the community

## **Strategy 4:** Innovative and Cutting Edge Technology

- Continue investing in the technological infrastructure and support systems to expand our ability to prepare students to function in a globally competitive environment

## **Strategy 5:** Effective & Efficient Resource Management

- Address major operational and capital needs to ensure an efficient and supportive learning environment for students, while protecting our investments

## **Strategy 6:** Family and Community Engagement

- Provide parents and the community with access to the necessary tools to actively engage in supporting the education of the students in Henry County Public Schools.

## Significant Budget Adjustments FY 2015

- Zero-based budgeting discussions held with department heads to identify savings within the current budget
- Continue to monitor purchasing procedures to align expenditures with strategic objectives
- Reviewed educational programs/services and areas such as purchased services, supplies, and professional development for possible savings
- Realized operational and maintenance efficiencies through energy cost avoidance
- Delayed equipment purchases
- Delayed facility/capital improvements
- Reviewed staffing charts
- Recommended Reassignments
- Saved positions through attrition of teachers when possible
- FY2014 salaries as approved in the budget did not reflect the 2% raise effective January 1, 2014. This change was made after the Final approval of the FY2014 Budget. FY2015 salaries reflect this salary increase.
- VRS rate for professional staff increased from 11.66% to 14.5%.
- Health insurance premiums increased by 8%.
- Declining student enrollment

<sup>1</sup> "N/A" = no local match required for this program.

<sup>2</sup> ADM values shown are based on the March 31 ADM projections used in the Governor's Introduced Budget for FY 2015 and FY 2016.

<sup>3</sup> Columns may not add due to rounding.

<sup>4</sup> Projected revenue estimate. Semi-monthly payments will be based on actual sales tax receipts. Pursuant to the Appropriation Act, the Basic Aid state payment calculation is based on the appropriated sales tax distribution and is not adjusted for actual sales tax revenues received.

<sup>5</sup> The Governor's Introduced Budget assigns a portion of funding for Textbooks to the Lottery Service Area. Required Local Effort for Textbooks is based on the combined payments in the SOQ and Lottery Service Areas.

<sup>6</sup> VRS Retirement includes payments for the Retiree Health Care Credit (RHCC). Please see the Budget Variables tab for the funded RHCC rate.

<sup>7</sup> Projected state payment. Final payments will be based on actual expenditures, up to the projected state payment, subject to the availability of funds.

<sup>8</sup> Includes state funding for regional vocational, special, and alternative education programs and Academic Year Governor's Schools.

<sup>9</sup> Payments for Remedial Summer School are based on projected FY 2015 and FY 2016 enrollment used in the Governor's Introduced Budget.

<sup>10</sup> Payments for the VPSA Technology Grants are made from bond proceeds on a reimbursement basis and may begin following each bond issuance.

<sup>11</sup> Payments for the Virginia Preschool Initiative are based on projected FY 2015 and FY 2016 enrollment used in the Governor's Introduced Budget.

<sup>12</sup> Payments for English as a Second Language are based on projected FY 2015 and FY 2016 enrollment used in the Governor's Introduced Budget.

⇔ = SOQ accounts requiring a local match for purpose of meeting Required Local Effort.

**BOLD** = Account funding based on ADM; any changes in ADM numbers will result in a change in the state payment amount.

## **Proposed Five-Year Capital Improvement Plan FY2014 – FY2018**

### **Overview**

This Capital Improvement Plan (CIP) provides a recommended framework for undertaking major capital improvements over the next five years. The following goals continue to guide planning and prioritization of the CIP.

1. Provide a safe, healthy, and inviting learning environment for students, staff, parents, and community.
2. Protect infrastructure and ensure the proper operation of all critical building systems.
3. Ensure that facilities are energy efficient.
4. Ensure that facilities are equipped for current instructional and administrative technologies.

The economic downturn undermined many of the funding assumptions used to develop the plan. All funding sources have depleted to include: decrease in state funding, stimulus funding has expired, and all low interest rate funding opportunities are not being funded. The challenge with this plan is to find the base funding source for these projects.

Identifying facility needs are based on input from principals and administrators, facilities staff and consultants. Cornett & Cundiff, Inc. performed a survey of division roofs, estimate costs and determine timelines for replacement of this critical building component. Also, Moseley Architects have completed a full facilities assessment to assist with planning capital needs.

From the list of needs, twenty-four (24) major projects costing over \$100,000 are included in the current CIP. The total cost of these projects including architectural and engineering (AE) fees is approximately \$51 million (M).

Today's construction market is very favorable to owners, with most bid results below pre-recession estimates. Prices will return to former levels as more construction work becomes available and the number of bidders decline. Unfortunately, because of budget reductions, our division is not positioned to take advantage of this opportunity for savings.

As a caution, estimates should be considered place holders. The best estimates are obtained after preparation of working drawings (bid documents) and the true cost is determined through the competitive bid process.

## Timelines

Since the means does not exist within the FY2014 Budget to finance this plan, the following timelines are hypothetical and predicated on the assumption that the division will increase its Facilities Category over each of the next five fiscal years.

The following tables provide a description of projects, status, costs and recommended timelines for each project. In some cases, projects are bundled for similar types of work or because of advantages related to logistics.

Priorities	Project	Description/Rationale	Cost, \$	Year
1.	CPS Renovation & Addition	Construct new addition with gym at CPS to replace the 1952 JRE, renovate the CPS library and admin area, improve traffic flow and parking, and demolish JRE.	15,120,000	2014
2.	BHS HVAC System, Ceiling & Lighting Replacement	Replace deteriorated 1978 HVAC system, excluding existing chillers. While chillers at Bassett were replaced in the 1990s and in 2002, air handlers, variable air volume units and most of the controls are original equipment and deteriorated from use and age. Project includes adding air conditioning for gym and kitchen.	6,480,000	2014
<b>Total FY2014</b>			<b>\$21,600,000</b>	
3	SE Renovation & Addition	Construct new classroom additions to replace the 1927 original structure and discontinue use of mobile units, develop teacher support/resource areas, enlarge library, improve traffic flow and parking, renovate older areas of the building, and enlarge/renovate kitchen.	6,500,000	2015
4	STE Renovation & Addition	Construct new classroom addition to discontinue use of mobile units, develop teacher support/resource areas, and enlarge library.	3,780,000	2015

5	CCL Roof Replacement	Replace existing ballasted EPDM roof with new fully adhered 60-mil EPDM with tapered average R21 insulation.	485,000	2015
6	AE/MTO/RAE paving improvements	Front parking lots are in need of repair to maintain a safe parking and driving area. Evidence of weathering on existing pavement	375,000	2015
7	FCMS Renovations	Renovate administrative areas, space for special education and renovations to the sixth grade wing	2,400,000	2015
8	AE Replace Variable Air Volume Boxes and controls	VAV Boxes currently have pneumatic controls and out of date. Replace these boxes with new Direct Digital Controls boxes for better control of environment	325,000	2015
9	BHS Bathroom Renovations	Bathrooms have existing fixtures and in need of an upgrade for better handicap accessibility	525,000	2015
<b>Total FY2015</b>			<b>\$14,390,000</b>

**HENRY COUNTY SCHOOLS - PUPIL TRANSPORTATION**  
**Ten-year Maintenance Vehicle Replacement Plan - 2014-2020**

**1. Dump Truck (30,000 GVW – Regular Cab) w/Snow Plow** **\$ 78,500**

There is one 1990 International dump truck M-9 with over 235,000 miles that needs to be replaced. This truck is over twenty years old and shows wear and tear from normal use. It is hard to find parts for this vehicle due to its age. Dump trucks are used daily for various needs and are equipped with snow blades for snow removal during inclement weather. The truck and dump body will cost approximately \$75,000 and snowplow package will cost approximately \$3,500.

**2. Two ¾ ton Pickup Trucks with Utility Beds** **\$ 53,000**

There is one 1998 Chevrolet utility pickup truck M-24 and one Dodge utility pickup truck M-23 that needs to be replaced. Both of these trucks have over 130,000 miles. These vehicles due to age and use show the wear and tear of years of service. It is estimated that these trucks will cost approximately \$20,000 each plus utility beds with ladder racks of an approximate cost \$6,500 each if purchased through Department of General Services from state contract.

**3. One car** **\$ 17,000**

We currently have a 1998 Mercury station wagon M-50, that our Energy Manager uses. This car has over 180,000 miles and is used daily, nightly and weekends for building audits. This vehicle due to the age and use shows considerable amount of wear and tear, and is due for replacement. I feel we could replace this vehicle with a small pick-up truck with a cost estimate of approximately \$17,000 through Department of General Services from stat contract.

**4. One Sport Utility** **\$ 25,000**

We currently have a 1992 Chevrolet Blazer used by the Supervisor of Facilities maintenance on a daily basis. This vehicle has approximately 105,000 miles and due for replacement. Due to its age and use, this vehicle is beginning to show signs of wear and tear. I feel we could replace this vehicle with another small sport utility vehicle with a cost estimate of approximately \$25,000 through Department of General Services from stat contract.

## **5. Dump Truck w/Snow Plow**

**\$ 78,500**

There is one 1990 GMC dump truck M-3 with over 120,000 miles that needs to be replaced. This truck is over twenty years old and shows wear and tear from normal use. Dump trucks are used daily for various needs and are equipped with snow blades for snow removal during inclement weather. The truck and dump body will cost approximately \$75,000 and snowplow package will cost approximately \$3,500.

**HENRY COUNTY SCHOOLS - PUPIL TRANSPORTATION  
Ten-year School Bus Replacement Plan - 2014-2023**

**1. Nine 65 Passenger School Buses w/White Roof, Video System** **\$ 822,375**

*Regulations Governing Pupil Transportation*, January, 2004 issued by the Department of Education under 8 VAC 20-70-490. Purchase. states, "The responsibility for purchasing school buses and school activity vehicles which meet state and federal requirements rest with the division superintendents and local school boards. A schedule for the replacement of buses on a continuing basis shall be developed and implemented by each school division".

There are 136 school buses in the Henry County Schools bus fleet, with 116 being used on a daily basis. Ninety-five conventional school buses are used on daily bus routes, 20 are used for daily Special Needs students, and one transports Governor School students. The spare fleet consists of 17 conventional and three special needs buses. Factors that have to be considered when considering a reasonable replacement cycle include metal fatigue, mileage, and overall condition of school buses. Replacing nine school buses annually would result in a 15-year replacement cycle. This replacement cycle is endorsed by the National Association of State Directors of Pupil Transportation Services (NASDPTS) in a position paper issued January 2002.

There are five 1995, one 1996 and eleven 1997 International 64 passenger conventional school buses in the fleet. These school buses show the stress from normal use accumulated over the years they have been in service. It is difficult to find parts for vehicles of this age. Vendors selling OEM part as well as parts houses selling after-market parts have trouble finding replacement parts for vehicles over ten years old. It is recommended that five 1995, one 1996, and three 1997 International 64 passenger conventional school buses showing the most wear and tear and/or highest mileage be replaced. Estimated cost per bus is \$91,375.

**2. Four Special Needs Buses equipped w/Wheelchair Lift** **\$ 420,000**

There are two 1999 and two 2001 International special needs buses with wheelchair lifts. These buses show the stress from normal use over the years they have been in service. Vendors selling OEM part as well as parts houses selling after-market parts have trouble finding replacement parts for vehicles over ten years old. It is recommended that the four International special needs buses with wheel chair lift be replaced. Estimated cost per bus is \$105,000.

**3. Nine 65 Passenger School Buses w/White Roof, Video System** **\$ 837,000**

There are eight 1997 and twelve 1999 International 64 passenger conventional school buses. These school buses show the stress from normal use over the years they have been in service. Also, it is difficult to find parts for vehicle this old. Vendors selling OEM part as well as parts houses selling after-market parts have trouble finding replacement parts for vehicles over ten years old. It is recommended that eight 1997 and one 1999 64 passenger conventional buses showing the most wear and tear / and or highest mileage be replaced. Estimated cost per bus is \$93,000.

**4. Six Special Needs Buses equipped w/Wheelchair Lift** **\$ 660,000**

There are three 2003 and two 2005 International special needs mini buses with wheel chair lifts. There is also one 2005 Ford 20 passenger special needs buses. These buses show the stress from normal use over the years they have been in service. Vendors selling OEM part as well as parts houses selling after-market parts have trouble finding replacement parts for vehicles over ten years old. It is recommended that three 2003 and the two 2005 International special needs buses with wheel chair lifts and one 2005 Ford 20 passenger special needs buses be replaced. Estimated cost per bus is \$110,000.

**5. Nine 65 Passenger School Buses w/White Roof, Video System** **\$ 855,000**

There are eleven 1999 International 64-passenger conventional school buses. These school buses show the stress from normal use over the years they have been in service. Also, it is difficult to find parts for vehicle this old. Vendors selling OEM part as well as parts houses selling after-market parts have trouble finding replacement parts for vehicles over ten years old. It is recommended that nine 1999 64 passenger conventional buses showing the most wear and tear / and or highest mileage be replaced. Estimated cost per bus is \$95,000.

**6. Nine 65 Passenger School Buses w/White Roof, Video System** **\$ 882,000**

There are two 1999 and eleven 2001 International 64-passenger conventional school buses. There is also one 2001 International conventional with wheelchair lift. These school buses show the stress from normal use over the years they have been in service. Also, it is difficult to find parts for vehicle this old. Vendors selling OEM part as well as parts houses selling after-market parts have trouble finding replacement parts for vehicles over ten years old. It is recommended that two 1999, six 2001 64 passenger conventional International and one 2001 International conventional with wheel chair lift buses showing the most wear and tear / and or highest mileage be replaced. Estimated cost per bus is \$98,000

**7. Four Special Needs Buses equipped w/Wheelchair Lift**

**\$ 556,000**

There are four 2009 Thomas special needs mini buses with wheel chair lifts. These buses show the stress from normal use over the years they have been in service. Vendors selling OEM part as well as parts houses selling after-market parts have trouble finding replacement parts for vehicles over ten years old. It is recommended that four Thomas special needs buses with wheel chair lifts be replaced. Estimated cost per bus is \$114,000.

**8. Nine 65 Passenger School Buses w/White Roof, Video System**

**\$ 909,000**

There are five 2001 and five 2003 International 64-passenger conventional school buses. These school buses show the stress from normal use over the years they have been in service. Also, it is difficult to find parts for vehicle this old. Vendors selling OEM part as well as parts houses selling after-market parts have trouble finding replacement parts for vehicles over ten years old. It is recommended that five 2001 and four 2003 International 64 passenger conventional buses showing the most wear and tear / and or highest mileage be replaced. Estimated cost per bus is \$101,000

**9. Nine 65 Passenger School Buses w/White Roof, Video System**

**\$ 936,000**

There is one 2003 and eighteen 2004 International 64-passenger conventional school buses. These school buses show the stress from normal use over the years they have been in service. Also, it is difficult to find parts for vehicle this old. Vendors selling OEM part as well as parts houses selling after-market parts have trouble finding replacement parts for vehicles over ten years old. It is recommended that one 2003 and eight 2004 International 64 passenger conventional buses showing the most wear and tear / and or highest mileage be replaced. Estimated cost per bus is \$104,000

## *School Nutrition Programs and Budget Overview for FY 2015*

### **Budget Overview - Significant Changes**

#### ***Revenues***

- Student Lunch Revenue – we expect a continuing decrease in full-pay students due to the increase in free and reduced price students. Budgeted revenue for 2015 is in line with historical and projected figures. We are proposing a \$0.10 increase in student lunch prices for FY 2015 due to the Paid Lunch Equity requirement that is part of the revenue amendments related to the Healthy, Hunger-Free Kids Act of 2010.
- Adult Meals – Adult lunch and breakfast prices have not increased since FY 2013. Proposing a \$0.25 increase for adult breakfast and lunch prices for FY 2015. (breakfast \$2.00; lunch \$3.25)
- Other Food Sales – Sales in this category are projected to come in around \$331,717 for FY 2014. We expect other food sales to remain static or reduce slightly in FY 2015 as our students’ parents have less disposable income to spend on “extras” and the variety we are able to offer has diminished due to HUSSC guidelines.
- Federal/State Reimbursement – The amount of funding received for summer programs from USDA SFSP (Summer Food Service Program), has leveled off in the past two years. Total Federal Reimbursement will level off due to decreases in enrollment, less participation of paying students due to new regulatory guidelines, and only small percentages of increase in funding for the NSLP. We no longer budget for the state breakfast incentive (we received \$81,622 in FY 2013) in case the state decides to rescind the funding. The total amount budgeted is in line with historical and projected figures.
- Fund Balance Transfer – We continue to rebuild the fund balance. The State recommends retention of two to three months operating expense in the fund balance.

## *Expenses*

- Personal Services – Slight increase to cover employee increases. Attrition due to retirement / turnover will cover the rest.
- Retirement – VRS-1 based on 14.5%, 5% paid by employees. VRS-2 based on 11.13%, with 5% paid by employees.
- RHCC based on 1.18% of VRS-1 personnel salaries.
- Hospital/Medical Insurance – Coverage for 41 employees at \$7420 each, an increase of 8%. Reduction of eligible employees through attrition has been a slow process. Targeted number of employees with benefits is 37.
- Food – using industry standards for this budget line. Projected food cost percentage of revenue for FY 2014 is 43.5%. Food percentage of revenue for FY 2013 was 43.52%. USDA entitlement monies for commodities decreased by \$17,500 for FY 2014, limiting the amount of commodity foods we were able to order. Since entitlement monies are based on the number of lunch meals served in previous years, this amount will decrease again for 2015.
- Other Operating Costs – Technical Services Contract, Contract Maintenance, and Outside Maintenance Services are in this category. We were able to reduce this category in FY 2013 due to the change in Contract Technology providers. Our annual maintenance fee with the new provider is much lower. This category also covers paper and janitorial operating supplies and small wares. The budgeted amount is in line with the previous two years expenditures.
- Equipment – Capital Improvement Plan – continued focus in an effort to rebuild fund balance, while also replacing the most out-dated equipment as necessary for the efficient running of the department, (see separate CIP document).

<p>The stormwater management pond in the old closed County landfill is required by DEQ to be maintained.</p> <p>During FY 2010, the sediment pond cleaning project was awarded to Steve Martin Trenching, Inc. and approximately 1,200 cubic yards of sediment was removed from the pond. Staff estimates that this is 50% of completely clean.</p> <p>The FY2010 cleaning activity was able to abate any fears of sediment pass through into the receiving stream. The completion of the project should be considered for the upcoming fiscal year.</p>

<b>DESCRIPTION/OBJECTIVES</b>			<b>GRAPHIC</b>		
<p>The county's eight volunteer fire departments need a location to conduct their annual pump test of each apparatus. This test is required by the National Fire Protection Association to ensure that each pump can operate at its rated capacity. DuPont has granted permission for a drafting pit to be located at the Henry County Emergency Services Training Center. The necessary gauges, dual functional tachometer and two portable deck guns are included.</p> <p>The drafting pit would also be a training prop. Fire pump operation training courses including portable pumps could be conducted here safely. These courses would include basic and advanced pump operation, drafting, relay pumping, and rural water supply. This pit would utilize the existing concrete pad and hydrants already at the training center.</p>			<p>The drafting pit would save the fire departments money by eliminating them from paying an outside vendor to test their pumps. Mileage to another locality to perform the test would also be eliminated. Recently a Martinsville Fire Department truck suffered engine failure while traveling to a test site. There are qualified persons here capable of conducting the pump test to NFPA Standards.</p> <p>By providing a safe location to conduct pump schools, the drafting pit will enhance and improve firefighter training.</p>

<p><b>DESCRIPTION/OBJECTIVES</b></p> <p>Replace the current air compressor building with an addition to the Rehab Building at the Henry County Emergency Services Training Center.</p> <p>The current building houses an old diesel fuel powered SCBA air compressor that is approximately 200' from the "burn building". Students and/or instructors must carry Self Contained Breathing Apparatus bottles downhill from the "burn building" to the compressor room and return uphill to the Rehab Building.</p> <p>Currently training SCBA and bottles are stored in an old semi-trailer located at the bottom of a hill near the Hazardous Material Training Ground. Instructors and students often climb the masonry steps carrying heavy training equipment. The proposed addition will have sufficient room to store this training equipment in a central location.</p>				<p><b>GRAPHIC</b></p> <p>This project will save time and reduce the chance of injury by shortening the distance between training equipment and the SCBA Air Compressor. No longer will staff be required to transport SCBA and replacement bottles up and down steps long distances from the training site. SCBA Training equipment will be stored in a central location providing ease of maintenance and inventory. Instructors will have easy access reducing preparation and clean up time.</p> <p>The addition will help protect the equipment from rodents that enter the current storage trailer almost at will. With a new SCBA costing almost \$6,000 and a structural firefighting ensemble \$1,600 controlled storage is essential.</p>

<p><b>DESCRIPTION/OBJECTIVES</b></p> <p>Replace old diesel engine with an electric motor.</p> <p>The compressor now in use was left by DuPont when they closed. It is constant need of repair for oil and fuel leaks. The compressor is outdated and requires excessive operation to refill the new high pressure bottles in use by Public Safety and the eight county volunteer fire companies.</p> <p>The Air Compressor provides Class E breathing for use by the Sheriff's Dive Team.</p> <p>Electric power will reduce cost by reducing fuel, maintenance and repair cost to an old engine.</p>			<p><b>GRAPHIC</b></p> <p>This will save money by eliminating purchase of diesel fuel and staff travel time to purchase, transport and manually refill storage tank.</p> <p>The old diesel engine sometimes leaks oil and fuel requiring extra cost that would not occur with an electric motor.</p> <p>The diesel and oil fumes from the engine shorten the life of the compressor sensors. Fresh air is piped into the building for the compressor.</p> <p>The compressor room is used for storage resulting in contaminated equipment. The diesel engine is the original power plant for the compressor and was in service when DuPont was in operation in the 1990's and its exact age is unknown.</p>		
<p><b>PROJECT STATUS &amp; COMMENTS</b></p> <p>Compressor and diesel engine have been showing age and is often out of service reducing quality and quantity of training.</p>			<p><b>RECOMMENDED SOURCE OF FUNDING</b></p> <p>General Fund</p>

<b>DESCRIPTION/OBJECTIVES</b>  In the past, Henry County has purchased replacement pagers and radios for each of the volunteer fire and rescue departments. During implementation of the new radio system, each department was provided a quantity of radios and pagers. Additionally each department was provided 10 additional portable radios from a grant. Now that the system is on-line, this capital item will assist departments with on-going replacement of radios and pagers. Warranty on current equipment expires on July 1, 2012. This has been requested by both the Fire Association and Rescue Association.			<b>GRAPHIC</b>

<p>An aerial fire apparatus (platform, stick, or telesquirt) will be needed to provide adequate fire protection for the 220 South corridors. Bassett Fire Department operates the aerial in the north section of the county. The ladder truck at Bassett is over 20 years old and reaching its end of effective life of operation.</p> <p>A Quint (combination pumper/aerial) has been put in service to cover the Industrial Park and center of the County. This is owned by the County and leased to Collinsville Volunteer Fire Department to operate.</p> <p>With additional economic development in the southern portion of the County, the future need for an aerial apparatus in this area is greater.</p>

<p>The Board of Supervisors established a Rescue Squad Capital Improvement Program beginning with the FY93 budget, with an appropriation of \$50,000 per year to assist with the purchase of vehicle and portable equipment for the volunteer Rescue Squads. In April 1994, the Board of Supervisors adopted a policy of funding capital improvements to the 5 County-based volunteer Rescue Squads. The program was increased from \$50,000 to \$75,000 in FY95 and to \$95,000 in FY06 by Board Policy. <b>DESCRIPTION/OBJECTIVES</b>  Our fleet of refuse collection trucks is aging. We have a 1997 model frontloader trash truck w/over 950,000 miles; a 2000 w/1,019,000 miles; a 2005 w/288,024 miles; a 2007 w/137,877 miles; and a 2013 w/33,824 miles. The 1997 and 2000 models are costing more in repairs than they may be worth, and there are issues with the others as well. A new unit is needed.  To purchase a new fully equipped unit is \$225,000. This vehicle was in my last CIP to be purchased in 2014/15.  We had in the 14/15 Budget to replace the 2001 knuckleboom. However, we replaced the boom attachment so we extended this new purchase until FY '17. However, we may have to replace the engine before that time, at an estimated cost of \$20,000.  The \$28,000 for FY '16 is to replace a 1997 truck used to transport Admin. Building trash to the Jack Dalton Road Convenience Center.			<b>GRAPHIC</b>

<p>Due to the mileage, we have been replacing police vehicles every five years. This means that we normally replace one-fifth of our vehicles each year. Factory warranty coverage is up to 36,000 miles on police package vehicles by all vehicle manufacturers. The current number of vehicles is 89 units.</p> <p>We should replace 18 vehicles each year to stay on a replacement schedule. Currently, we are attempting to run vehicles from 125,000 to 140,000 miles prior to replacement, dependent upon safety conditions. Estimated cost per vehicle is \$34,000 to purchase vehicle and fully equip it for operation.</p>

<b>DESCRIPTION/OBJECTIVES</b>  The emergency generator for the Sheriff's Office will carry the entire electrical load of the office during periods of electrical outages. The generator will be a complete emergency power system, with an outdoor rated enclosure, an automatic transfer switch, and a privacy fence. The Sheriff's Office facility is not equipped with an emergency generator. The generator is needed to insure the Sheriff's Office headquarters facility is capable of operating during periods of power failure and during emergency situations that occur in the County. Without emergency back-up power, the Sheriff's Administrative Offices are forced to shut down until power is restored. Without power for an extended period, this could be detrimental to office operations. The estimate above is FY-12 proposed cost.			<b>GRAPHIC</b>

<b>DESCRIPTION/OBJECTIVES</b>			<b>GRAPHIC</b>		
<p>Mobile data computer terminals will allow deputies to check DMV and NCIC wanted files and dispatched call information files while in the field performing their duties. The system provides a method of secure communications for dissemination of files. This will reduce the overall amount of radio communications with Sheriff's Office and 911 Communications Center and improve officer safety. The system will assist deputies in checking for wanted persons, stolen vehicles, stolen property and will assist deputies with obtaining needed departmental computerized information during field investigations such as suspect information. These MDT's also interface with our RMS system, allowing deputies to do reports in their vehicle and their zone, keeping them on the road more. These funds would be used to equip the remaining vehicles with MDT's and begin replacing worn out hardware being used currently as MDT. The estimates would purchase 9 units to cover the 5 without MDT's and replace the 4 2005 units in FY14. FY 15 and FY 16 would begin a phase in replacement of the Motorola units.</p>			<p>Current equipment in service:</p> <p>4 - Dell D600 (2005) Repair parts no longer available</p> <p>25 - Motorola ML910 (2008)</p> <p>6 - Dell ATG (2012)</p> <p>5 patrol units without MDT units</p> <p>Cost estimates are \$5,000 each for computer and mounts.</p>

<p>The mobile in-car video camera system is a technological enhancement tool that aids the Sheriff's Office in the prosecution of traffic violations, DUI offenses, drug interdiction and other criminal offenses. The system will improve the safety of deputies during traffic stops and while answering routine radio calls. The system provides an indisputable video/audio record of all encounters involving officer and citizen. The system can reduce court appearances, which saves overtime expenses. The system helps reduce complaints and improves community relations. The system is an excellent training and self-evaluation tool. The system serves as a video and audio notebook to enhance officer memory when preparing written reports. We currently started replacing old VHS units with digital technology. We need 20 additional units.</p>			<p>The older VHS units are no longer available and are not repairable by the manufacturer.</p> <p>The new units will provide more accurate GPS information.</p>

<b>DESCRIPTION/OBJECTIVES</b> The computer system, Assessit, currently used by the Commissioner of the Revenue, Assessors Office, Building Inspections/Building Permits and GIS departments will not run on 64-bit operating systems. In addition, the program is incapable or incompatible with newer equipment and software, such as high definition cameras, sketching tools, GIS Links and the current version of Microsoft Excel. This computer system is twenty-three years old and has been outdated, outliving its usefulness. Multiple factors create a sense of urgency in replacing the system within the current budget year. Primarily, there is only one contact and support person to resolve any issues or problems or updates with the system, with only two localities remaining as clients.			Similarly, needs to be installed prior to January 1, 2015 to insure a smooth transition, for the establishment of rate tables, transfer of sketches, worksheets, and pictures and debugging of the system.  **The above pricing is based on a 3 year payment plan and includes support and maintenance fees.

<b>DESCRIPTION/OBJECTIVES</b> The computers running the 911 Center CAD, Mapping, and other software applications were replaced in August, 2012 through a grant from VITA. These machines provide vital 911 services and operate on a 24/7/365 schedule. With the heavy workload on these machines, their life expectancy is 3 years, or possibly four years operating very cautiously.  These computers are mission critical for 911 operations and the Center cannot function without them. We will attempt to secure funding for this project through a grant. However, if grant funding is not awarded for this project during FY'16, local funding will be needed to replace these computers.			<b>GRAPHIC</b>
