**Media Release**  
**Death Investigation**  
**August 26, 2010**

The Henry County Sheriff's Office is investigating the death of a 23 day old female infant. The Henry County Sheriff's Office received a call at approx. 0130am on August 25, 2010. The Ridgeway Rescue Squad and Stone's Ambulance Service responded as well. The infant was transported to the Memorial Hospital where she was later pronounced. Preliminary investigation by the Henry County Sheriff's Office did not lead the investigators to believe that any suspicious activity was involved in the death of the infant.

The Roanoke Medical Examiner's Office performed an autopsy on August 25, 2010. The preliminary autopsy did not reveal any suspicious circumstances surrounding the death but a final determination of cause can not be made until all test results have been received. The results of routine toxicology tests often take several weeks to complete.

If you have any questions contact the Henry County Sheriff's Office at (276) 638-8751.
