The date of issuance of the purchase order shall serve as the notice to proceed. It is anticipated to be issued April 2015.

1.05 ADDENDUMS/CHANGE ORDERS

Discrepancies or omissions in the contract document shall be clarified by the Owner. Clarification shall be issued in the form of a written addendum to the specifications. Oral instructions shall not substitute for addendum.

1.06 QUALITY

Contractor shall furnish all necessary equipment, labor and materials for completion of work specified herein. All workmanship shall be of the highest quality in conformance with industry standards, material manufacturer's requirements or these specifications, which ever is most stringent. All work shall be in strict accordance with applicable sections of the Virginia Uniform Statewide Building Code.

All equipment, materials, etc. shall be new, first quality and free of blemishes or other defects. In instances where a particular manufacturer's brand and model are provided for reference in these specifications and the Bidder chooses to substitute to an alternate, Bidder shall submit copies of manufacturer's literature with bid to substantiate conformance to specifications.

1.07 SITE INVESTIGATION

As a requirement for submitting bid, contractor shall satisfy himself as to the nature of existing conditions. All information provided in these specifications shall be confirmed by Contractor prior to bid. Contractor's failure to examine the site and include all work in bid shall result in denial of claims for additional compensation after submission of bids. Bidders are encouraged to come to the Non-Mandatory pre-bid scheduled within this bid to visit and examine the project site.

1.08 LICENSES AND PERMITS

Contractor shall obtain and pay for all licenses and permits from the appropriate governmental agencies/jurisdictional authorities as required by law in order to perform the work. This includes all County and State contractor licenses if required.

1.09 SAFETY PRECAUTIONS

Contractor shall take all necessary precautions to protect employees, the public and the facilities, and meet laws and governmental safety requirements, such as OSHA, including but not be limited to:

- Control the spread of dust.
- Conform to laws and regulations regarding known or suspected asbestos, lead-based paint and mold.
- Lock-out / tag-out of electrical and other stored sources of energy.
- Confined spaces / hazardous environments.
- Hot works.

The facilities will be occupied during construction. Contractor shall coordinate work with Owner to ensure that disturbances to occupants are kept to a minimum.

1.10 MAINTENANCE AND PROTECTION OF PROJECT

Contractor shall take necessary precautions to protect facilities during construction. Contractor shall ensure that all work areas, etc. are kept clean and functional during and upon completion of work. Contractor shall take necessary precautions to protect facilities and grounds from damage resulting from work. Contractor shall be responsible for restoring facilities and grounds to previous equivalent condition in the event of damage.

Contractor shall remove all trash and debris generated by work on a daily basis and disposed of off Owner's premises in accordance with state and local regulations. Contractor shall secure all equipment and materials on a daily basis. Materials shall be stored and covered in a manner to prevent exposure to moisture or wind damage. Contractor shall secure ladders with chains and padlocks or remove such devices from owner's premises on a daily basis.

1.11 INSPECTION

The Owner reserves the right to furnish an inspector to be on job site at all times. Inspector shall assure conformance of materials, workmanship, etc., to specifications. Inspector shall have authority to stop work on project if nonconformance to specifications is discovered. Inspector shall not have authority to authorize additional work not included in specifications. Written authorization must be obtained by Contractor from the Owner before proceeding with any additional work. Failure to obtain written authorization shall result in nonpayment for additional work.

1.12 WARRANTY

Contractor, as a condition of submitting bid, agrees to provide a warranty covering all equipment materials and workmanship against defects for a period of one year following final acceptance of project. Warranty shall cover full cost of repair or replacement work.

1.13 PROJECT START

Contractor shall meet with Owner a minimum of two (2) days prior to start of project to hold a pre-construction meeting to, at a minimum, determine the following:

- Contractor parking area.
- Work staging area.
- Materials storage location.
- Office trailer location, if required.
- Arrangements for access.

2.00 PROJECT REQUIREMENTS

2.01 GENERAL

Contractor shall furnish all necessary equipment, labor and materials to remove existing floor covering and install new floor covering in accordance with applicable codes and the

following specifications. The Contractor shall be responsible for supplying all components and incidental materials to provide a complete and functional system.

2.02 SUBMITTALS

- A. Product Data: Provide a current edition of manufacturer's product literature including physical data, chemical resistance, surface preparation, and application instructions.
- B. Samples: Submit a 6 inch square sample of the proposed system to represent the finished system.
- C. Color Chart: Provide Manufacturer's standard color chart.
- D. Warranty: Provide Manufacturer's and Applicator's standard warranties.

2.03 The area to be covered is based on roughly 3200 sf. However, all contractors are encouraged to measure on their own. Flooring shall be installed with a pressure sensitive adhesive. The vinyl flooring and cove base shall meet the minimum of specs listed below (or approved equal).

Supply and install LVT, Florentino Plank (or approved equal):
